## CONCINATION

OAC10 Fascination

**The New Bin**

The success of our Sock 'Em Up poster bin prompted us to produce a new dispenser which combined maximum presentation and capacity with adaptability — both for display and for the varying sizes of posters. And we've managed to combine all this in the new bin.

- FACTS**
- The new bin holds 144 posters. Twelve compartments each take 12 posters.
  - Posters up to 36" high when rolled can fit into the bin.
  - There are adjustable stands at the bottom of each compartment to keep the posters level at the top.
  - Any ten sheets from our catalogue can be attached to the headboard allowing two compartments per sheet.
  - Panels are provided to mark the prices of each sheet.
  - A poster of A1 size (such as on the Photography page) can be attached to the front for extra display.
  - The bin will hold your stock of poster hangers available in sizes of 20", 24", 30" & 36" — a fact which is printed on the side for your customers to see.

- ASSEMBLY**
- Pop the outer box where marked. Pull bin from lower half, then slide remaining outer off. Remove the lid holding the headboard to the box and place it underneath to make a base. Evert the headboard by tucking onto the back of the bin.

- SIZE**
- Packed: 37" high 16" deep 26" wide
  - Spreading: 68" high 16" deep 26" wide

- PRICE**
- There is a charge of £3 for each bin. The total price of an ordered bin includes this and a packing charge.

**Bin A Black and white range**

Retail	£88.00
40%	£52.80
Net	£36.00
Bin & Packing	£ 3.00
